

Cape Town Solar System Clean Energy

Overview

Cape Town's SSEG solar programme drives R2,6bn investment, over 1 000 jobs and enough clean power to supply 150 000 homes. With expertise in both domestic and commercial solar installations, as well as professional solar panel cleaning services, we're dedicated to powering homes, businesses, and communities across Cape Town and the Western Cape. From harnessing the sun's energy for residential properties to First Energy proudly integrates the expertise of MAC Engineers and BravoScan, independent inspection authorities renowned for their rigorous standards in solar installation verification. High-Performance Solar Panels: State-of-the-art technology for maximum efficiency. Advanced Solar Power Systems: At Renaissance Solar, we provide high-quality renewable energy systems, prioritising locally sourced materials wherever possible. The power generated since 2024.
