

Discounts available for low-voltage photovoltaic containerized systems used in schools

Overview

Many states have special solar incentives for low- and moderate-income (LMI) families and underserved communities. These programs often offer extra rebates, grants or financing to lower upfront costs and widen access to solar. To learn more, visit the SOMAH website. The Disadvantaged Communities - Single-Family Solar Homes (DAC-SASH) program is administered by GRID Alternatives, a nonprofit. This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation. Want to shop by watts?

Explore the listings below and find your. Consumers can find financial incentives and assistance for energy efficient and renewable energy products and improvements in the form of rebates, tax credits, or financing programs.
