

Estonian electrochemical energy storage company

Overview

Baltic Storage Platform is a joint venture between Evecon, Corsica Sole and Mirova, developing two battery storage parks in Estonia with a combined capacity of 400 MWh. Skeleton Technologies is a leading manufacturer of energy storage solutions, specializing in supercapacitors and their innovative SuperBattery technology, which enhances energy density and addresses stability challenges. We combine real-time battery health monitoring with trading and dispatch algorithms to maximise. Maximize the autonomy of your plant by using storages to store the energy generated by the PV system Maximize consumption from renewable energy sources The system is built from 10 to 16 modules of 14.4 kWh or 16 kWh capacity and 1 single BMS module. Estonia, often dubbed the "Nordic Silicon Valley," has emerged as a hub for advanced energy storage technologies.

Article Content

Eesti Energia to install large-scale storage device by ...

Eesti Energia will build its first large-scale storage device at the Auvere industrial complex later this year. The goal is to balance the fluctuations ...

Groundbreaking for 400MWh BESS in Estonia

Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia.

8 Top Energy Storage Companies in Estonia · June 2025 | F6S

Detailed info and reviews on 8 top Energy Storage companies and startups in Estonia in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

Estonian New Energy Storage Equipment: Powering Europe's Green ...

Discover how Estonia's innovative energy storage solutions are reshaping renewable energy integration and industrial applications across Europe.

Major Milestone for Estonia's Energy Sector as Largest Domestic ...

Diotech OÜ and Transcom AS will commence construction in February 2026 of a 100 MW / 200 MWh battery energy storage system (BESS) facility in Tsirguliina, Valga County.

Top 10 Green Energy startups in Estonia 2026

Low use of critical materials reduces supply risks. The company operates its own 500 MW hydroelectric storage facility, Energiasalv, in Estonia. During its nominal operating cycle of 30 hours, ...

Eselcom | Energy storage systems in Estonia

Eselcom is a manufacturer of energy storage systems for home and commercial use. We develop energy storage solutions in the alternative energy sector.

Energy Storage Suppliers Serving Estonia

Aquion Energy is the manufacturer of proprietary Aqueous Hybrid Ion (AHI) batteries and battery systems, optimized for stationary and long duration daily cycling and energy storage applications.
