

## First solar muscat

### Overview

MUSCAT: Ecoprogetti SRL, a leading European supplier of machinery for solar panel manufacturing plants around the world, has announced the successful completion of the production line of Oman's first solar PV project. Muscat: Oman has taken a major leap toward expanding its renewable energy landscape with the signing of a \$565 million agreement to establish a state-of-the-art solar manufacturing plant in SOHAR Freezone. Announced during the Advantage Oman Forum in Muscat, the landmark project, facilitated by First Solar, Inc. is a publicly traded American manufacturer of solar panels. First Solar uses rigid thin-film modules for its solar panels, and produces CdTe panels using cadmium telluride (CdTe) as a semiconductor. The Omani client is Sheida Industries LLC, which has established the country's. Siraj Solar Ventures International is a renewable energy startup dedicated to driving Oman's transition to sustainable power. The scale of this landmark project underscores the massive market for deploying solar to generate process steam to help industrial users. Muscat - Oman has signed a multi-million dollar agreement with China's JA Solar to establish a large-scale solar cell and panel manufacturing facility in the second phase of Sohar Freezone as part of efforts to boost renewable energy and diversify the economy.
