PFIC60K64P42 Foldable PV Container | 60kW/64kWh Solar. The PFIC60K64P42 is a compact all-in-one solar storage system. Our AI transparency statement explains how we intend to use AI technology, and how we will adopt and use AI in line with the Australian public's and Government's expectations. Department of Health, Disability and Ageing Victoria (Vic) office Providers and organisations can contact the Local. High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates. The Solar PV container is a mobile. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container.
