

## High quality inverter 60kW

### Overview

This inverter offers exceptional efficiency and advanced safety features, including AFCI protection and intelligent fan cooling. With a maximum efficiency of 98. For dependable energy solutions, our 60kW Inverter ensures optimal performance and efficiency. Available capacities: 50kW, 60kW, 70kW, 80kW, 100kW, 110kW, 120kW, 125kW. Need advice on. The 50 & 60kW (55 & 66kVA) medium power CPS three phase string inverters are designed for ground mount, rooftop and carport applications. Harvest solar energy and generate environmental-friendly power for increased return on investment brought by high yields with your commercial PV system. Its unique fuse-free design makes it. SSE-HH29. Featuring SiC MOSFET technology, it provides reduced size and weight. It supports a battery voltage range of 135V-850V and dual battery interfaces for flexible.
