

Intelligent Folding Container for Emergency Rescue

Overview

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates. Governments, NGOs, international relief organizations, and emergency management agencies face a critical window of hours and days to provide shelter, medical care, water systems, and operational command centers for displaced populations and response teams. What is LZY mobile solar container system?

LZY. Communities devastated by hurricanes, earthquakes, or floods need shelter that arrives fast, stands strong, and adapts to chaos. That's where the folding container house emerges as a game-changer—not just as emergency housing, but as a versatile, resilient solution that outperforms tents, temporary. Jinan Xinouda Import & Export Co., a vanguard in modular construction since 2006, is strategically based in Jinan, Shandong Province—China's manufacturing powerhouse. With over 17 years of specialized experience, we engineer and export top-tier prefabricated structures globally.
