## Article Content

Is Japan's grid-scale storage market getting a move on?

With strong ambitions towards the energy transition and a liberalised power market structure, Japan is one of the most promising markets for grid ...

Japan on cusp of energy storage boom

Local companies Toshiba, Itochu and Hitachi are among those betting on energy storage systems for growth.

Japan requires energy storage

At the Energy Storage Summit Asia 2024, held last month in Singapore and hosted by our publisher Solar Media, Eku Energy's APAC technical lead Nick Morley said that having started his career in ...

Top startups in Energy Storage in Japan (Oct, 2025)

Discover the top emerging companies in the Energy Storage Startups in Japan, their funding activity, key investors, company highlights, and growth stages

The Energy Storage Landscape in Japan

The interactive map, whose energy-storage data is drawn from the US Department of Energy [s Global Energy Storage Database, maps Japans primary energy-storage sites, as well as Japans smart-grid ...

Japan Energy Storage Policies and Market Overview

Japan's energy storage policies, market statistics, and trends—from METI's strategic plans and subsidy programs to deployment challenges.

Japan school energy storage

This formidable investment signals a profound belief in Japan's burgeoning need for robust, reliable energy storage, a critical piece of the puzzle in its quest for a greener, more resilient ...

Designing energy-resilient communities: A school-centric approach to ...

This study proposes an optimization strategy for school-centered energy systems, integrating battery storage and surplus energy management to maximize emergency power provision ...

Japan scales up batteries but companies worry rule ...

Japan, which relies on imported fossil fuels for around 70% of its electricity, has been expanding renewables to improve energy security, but has ...

Zero-Energy School Connects Students' Passion for the Environment ...

The Nikken Sekkei-designed school opened in 2019 as part of the central government's Super Eco School Demonstration Project (\*). It achieved zero energy building (ZEB) status for the year between ...
