

North Macedonia solar glass production company

Overview

Crystal Circle represents a groundbreaking opportunity to establish North Macedonia's first glass manufacturing facility with a production capacity of 60 tons per day. Through innovation and successful realization of complex projects, investments in production capacities, qualified team and commitment to quality, TORAX has established itself as a leading. North Macedonia is a country in the Balkan peninsula in Southeast Europe. Ranked as the fourth "best reformatory state" out of 178 countries ranked by the World Bank in 2009, North Macedonia has undergone considerable economic reform since independence. Candidates will start with theoretical teaching. With its abundant sunlight and favorable climate, the country is well-positioned to harness solar energy through photovoltaics (PV). The government signed a Memorandum of Understanding with Turkish company Kazanci Holding in July 2025 for development of a domestic gas distribution network and.
