

# Price of 19-inch external charging cabinets for users in Vietnam charging stations

## Overview

New electricity rates for electric vehicle charging stations have been adjusted, ranging from 1,565 VND/kWh to 3,835 VND/kWh for medium voltage and above. Notably, peak hours see a significant increase up to 4,298 VND/kWh. Smart Vietnam, a leading sheet metal fabricator, has stepped up to the challenge by manufacturing cutting-edge Lithium-Ion Storage and Charging cabinets. With a commitment to quality and innovation, Smart Vietnam offers a range of cabinets that are designed to meet the diverse needs of businesses. A charger cabinet, also known as a charging station or charging locker, is a secure and organized solution designed to charge multiple electronic devices simultaneously. Hardware and construction solutions that are reliable and efficient are required to build this infrastructure, as well as public and private investment. Backed by over eight decades of manufacturing expertise, we at Dalsin Industries are not only well-versed in the significance of EV charging stations in today's automotive ecosystem but are. LISTA electrical cabinets are perfect for the safe, personal storage of battery-powered devices of all kinds.
