

Solar power generation occupation tax

Overview

Yes, you are required to report ALL income unless specifically exempted by the Internal Revenue Code. Income from solar panels isn't exempted. That type of income is not subject to self-employment tax, so it goes on line 21, Form 1040. Select I'll choose. The federal government provides tax credits for investments in energy sources that generate electricity without emitting carbon dioxide in the process. 119-21, commonly known as the One Big Beautiful Bill Act, modified section 45 to expand the definition of "energy community" for purposes of a qualified facility that is an advanced nuclear facility. This only applies for tax years beginning after July 4, 2025. As a retailer, you owe tax on the selling. A Business and Occupation Tax is imposed on any persons (s) engaging or continuing with the state in any public service or utility business, except railroad, railroad car, express, pipeline, telephone and telegraph companies, water carriers by steamboat or steamship and motor carriers.
