

Solar power satellite factory in nairobi

Overview

Sun King launches first African solar electronics factory in Kenya, producing 700,000 units annually and potentially transforming the region's clean-tech manufacturing landscape. The company is establishing twin facilities in Kenya and Nigeria to manufacture its products closer. Equator Energy delivers cleaner and cheaper energy from solar. We deliver solar power plants to our customers at zero up-front cost. PowerGen Renewable Energy is a key player in off-grid solar power solutions, offering technologies like solar pumping and commercial solar applications. Their focus on renewable energy aims to provide clean and affordable. Sun King, an off-grid solar company with operations across sub-Saharan Africa, has opened its first large-scale manufacturing plant in Kenya's capital, Nairobi, marking a significant step in its plan to produce more of its products locally.
