

# South Africa Solar and Energy Storage Expo

## Overview

Cape Town will once again play host to Africa's most anticipated clean energy event as Solar & Storage Live Cape Town returns to the Cape Town International Convention Centre (CTICC) on 15-16 October 2025. Solar & Storage Live is Africa's largest renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, smarter, more decentralised energy system. Explore opportunities across Africa, hear from industry leaders, and do business at the event. Built on three decades of energy expertise, this exhibition showcases the latest in solar. Residential Solar & Energy Storage: Unlocking Market Trends, Tech Breakthroughs, and Business Success in South Africa This engaging and informative session is specifically designed for installers in the South African residential solar and energy storage market who want to stay ahead of industry. The Solar Show Africa brings together thousands of industry professionals who want to share their ideas on the newest innovations on solar power generation and the entire solar value chain. The show maximizes the learning through: Discover what are the top trends in the solar energy sector and what.
