

Suntech's photovoltaic panel ranking

Overview

Suntech's solar panels have proven to be serious players in the competition, taking on the big names such as Canadian Solar and Hyundai with their impressive performance and efficiency. However, when it comes to value for money, they're ranking at a 6. Today, they offer a strong modern product line with excellent efficiency ratings at competitive prices. But like any solar panel decision, there are trade-offs to consider. The biggest factor?

Suntech's. Suntech Power was founded in 2001 by Dr Zhengrong Shi who is widely recognised as a pioneer of solar module manufacturing and dubbed as the "sun king" as he became the world's first solar billionaire in 2006. Since commencing operations in 2001, Suntech has manufactured over 50GW of photovoltaic. By 2023, N-type TOPCon and HJT technologies had taken centre stage, pushing certified outputs past 700W. This is much higher than the average numbers on the market and. Search through this year's Top Performers by PQP Test, Manufacturer, Module Design, Cell Technology, and more. Search results are listed in alphabetical order by the manufacturers' number of Scorecard appearances.
