

Technical parameters of 2MW solar energy storage cabinet for resort

Overview

It integrates solar PV, battery storage, backup diesel, and telecom power distribution in one standard container. Strong storage: Up to 50 kWh capacity, perfect for long. Polinovel utility scale energy storage battery system incorporates top-grade LiFePO₄ battery cells with long life, good consistency and superior charging and discharging performance. Moreover, with efficient thermal management design and fire protection system, it ensures reliable performance and. We integrate research and development, production, and sales of lithium battery packs, serving solar energy, wind energy, intelligent charging equipment, and more. With advantages in high-quality raw materials, professional technical production, and efficient services, our company continues to lead. This supplier mainly exports to Chad, Kenya, and Uzbekistan. Shipping fee and delivery date to be negotiated.
