

# Warranty for 40-foot Slovenian photovoltaic container products

## Overview

Welcome to our technical resource page for 40-foot Photovoltaic Energy Storage Container Product Warranty! Welcome to our technical resource page for 40-foot Photovoltaic Energy Storage Container Product Warranty! That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Why should you choose LZY solar panels on shipping container?

Efficient. Check out in 140 seconds how you will benefit from our PV Warranty Insurance for up to 30 years. Our PV Warranty Insurance is straightforward and effective: manufacturers protect their ability to pay excessive warranty claims on modules for a period of 25 years (up to 30 years for glass-glass. The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system, enables rapid and mobile operation. Jinko provides the Warranties set forth herein commencing upon the earlier of delivery of a Module to the original purchaser thereof or that date which is one hundred and eighty (180) days following the Module manufacture date, as indicated by the serial number [digit no.
